

ROSEBURY COURT, NORWICH

CLIENT:
CAFCASS

PROGRAMME LENGTH:
4 WEEKS

PROJECT VALUE:
£77,000

Rosebury Court is a 1990's government-tenanted office building located in St. Andrews Business Park, Norwich. Works to the property included a CAT B fit out.

Following complete strip out of the demised area, a comprehensive CAT B fit-out was undertaken to CAFCASS specification.

The fit-out included the creation of new cellular office space, incorporating both glazed and solid partitions, sound proofing and security access control.

Other works included the installation of a new communal kitchen area, complete with appliances and flooring incorporating specific child friendly designs.

A new lighting system was installed to suit the floor plate, and a bespoke reception desk installed to cover future needs of the tenant.

To complete the project, a full redecorations package was employed to all areas, utilising the client's specific corporate colour scheme.

A fixed date for tenant occupation was set, and so careful planning and programme sequencing was key to project delivery. The multi-tenanted building remained occupied throughout the project meaning any disruption had to be kept to a minimum.

The project was a success completing on time and within budget.
